8 Westphalian sovereignty, or state sovereignty, is a principle in international law that each state has exclusive sovereignty over its territory. Political scientists have traced the concept to the Peace of Westphalia (1648), which ended the Thirty Years' War. Westphalian system: A global system based on the principle of international law that each state has sovereignty over its territory and domestic affairs, to the exclusion of all external powers, on the principle of non-interference in another country's domestic affairs, and that each state, no matter how large or small has an equal right to sovereignty.

9 full faith & credit means the state of complete and timely satisfaction of ALL obligations by a government, which leads into unfettered borrowing and trading power of a government, printing money to pay its debts and pledged in complete trust.
