This group was formed in January 2018 to restore Moorish American Consulates that corporate President, Dwight Eisenhower shut down in 1954. That shut down created a wide and damaging breach in the judicial shield that protected Moorish Americans from many of the abuses that the UNITED STATES citizens were committing against the Moors of North America and our birthright estate. The Grand Rising of the Moors of North America is well underway; starting with the ground breaking work of Prophet Noble Drew Ali. The trauma of the Secret Treaty of Verona; the Christian Black Codes, Roman Curia efforts, the Rothschild's banking cartel and many more constructs have been systematically used to steal the birthrights of the Moors. Those birth right threats against the Moors are losing momentum quickly at a time when the Moors are waking up. Moors from all over the world are participating in this effort with the goal of establishing a fully operational network of Moorish American consulates throughout the Americas and world - wherever the Empire of Morocco has a footprint.
