

Imperial Mu'urish Yamaxi Recording Service

Brief in Support for the [IMYRS](#):

Dated: 22 November 2023

The Imperial Mu'urish Yamaxi Recording Service is the Officially Decreed-Emperial & Imperial Constitutional Record-Keeper of the Emperial CMYE-IRK Republic for the Country of United -states **including** the Division of Archives, History and Records Management for the federal District of El-Eastmoor, uSA, **henceforth** the **IMYRS**-effective date 31 August 2023, **pursuant to Notification of Appointment (Amendment) "retroactive to 18 July 2007 (CMYE) to Adamis-Onis Treaty of 1819 to Treaties of San Ildefonso, Spain (1762, 1763, 1795 & 1800+) to Treaties of Paris (1783 & 1763) to Barbary Treaties of 1786 - 1797 Treaty of Algeria (1795), Treaty of Tripoli (1797), Treaty of Tunis (1797), Marrakech Treaty of Peace and Friendship effective dates 18 July 1787 via 23 June 1786 to Pinckney Treaty of 1795 to Treaties of Utrecht (1713)", and into the future in perpetuity, per the Imperial Royal Office for His-Emperial-Majesty.** In Our-story, the autonomous - indigenous natives realized the need to have private and public records filed, memorializing: actions, deeds, notices, real property, transactions and official documentation. The most depicted record keeping system can be seen in many early nineteenth century movies, where the Official of the Court known as the Town Crier would begin the announcement of public events with "Hear Ye, Hear Ye, Hear Ye!" Standing in the Town Centers, these men would not only announce public events but would also clarify the deeds and actions of the day/week. As towns increased in size, i.e., churches and organs of the State and/or Courthouses were used to maintain public records and announce public events. **In short, the IMYRS serves as the Official Recorder for all documentation Filed and Recorded under the Imperial Royal Kingdom (IRK). The IMYRS also serves as the Imperial Administrator for all Authentication Authorities and Services, i.e., Emperial and Imperial Royal Apostilles, Emperial and Imperial Apostilles, Nationalizations, ECMYE-IRKR documentation, Emperial and Imperial Notary Division, including but not limited to the Keeper of Records in regard to: the Emperial & Imperial Royal Annals, Estates, Properties, Constructive Contracts and Claims of the Emperial CMYE-IRK Republic for the Country of United -states (ECMYE-IRKR) and all NAMA nationals. 😊**

The **IMYRS** is the **Emperial and Imperial Constitutionally Decreed-Recording Service of the ECMYE-IRKR**. The **IMYRS** has always existed as the Operational Recording and Storing House for the Continental Mu'urish Yamaxi Empire (**CMYE**), and H.E.M.: **'the Great, Noble & Absolute Royal Sovereign-Emperor'**. The **IMYRS** is not a law firm, a governmental agency, nor a reporting service. **Therefore**, the **IMYRS** will not be required to supply any information on any file (*without owner's written permission*) to any foreign entity, public or private, except in case of misrepresentation, and then only with the permission from the Imperial Royal Office for His-Emperial-Majesty (**IROHEM**). The **IMYRS** is the **Recording Service for the IROHEM, ECMYE-IRKR, NAMA nationals, and provides the following:**

- ♀ **Recording and filing all matters of Record (services rendered based upon the Emperial and Imperial Policies, Terms and Agreements of the IMYRS);**
- ♀ **The Central Database for logging matters of Records, such as but not limited to: IROHEM and ECMYE-IRKR Identifications; NAMA International Travel Pass Credentials; NAMA Court filings; NAMA Delegations of Authority; NAMA International & Universal UCC filings; NAMA identification plates, etcetera;**
- ♀ **Independent third-party interest for all matters of record, on behalf of all NAMA Consuls/ nationals under the Olmec Civilization Great Seal;**
- ♀ **A division under His Imperial Majesty's Royal Post, documenting the transmission of ALL incoming and outgoing, Domestic, Regional and International Mail for the IROHEM and ECMYE-IRKR. 😊**

The **IMYRS** manages the most important role for private and public records submitted by **Imperial & Imperial Royal family members, IROHEM governmental entities and NAMA nationals**. The **IMYRS** is commissioned by the **IROHEM via the Imperial Constitution of the Continental Mu'urish Yamaxi Empire (ICCMYE)** to ensure all documentation is accurately distributed & filed on the public and private, while safeguarding all public and private documentation. Essentially, the **IMYRS** is the servant to **NAMA nationals of the ECMYE-IRKR; hence, the IMYRS** safely and accurately records all: **IROHEM & ECMYE-IRKR** documentation, media, patents, seals, copyrights, copy-claims, trademarks, private and/or public documents relative to Imperial & Imperial-Sovereign Governance Affairs, and **NAMA** nationals private and public affairs and/or **NAMA** international commercial affairs. ☺

The **IMYRS "nunc pro tunc" to the History and Records Management for the National Archives of the federal District of El-Eastmoor-effective date 28 January 1787/treaty-to-18 July 1787 /Treaty-to-23 June 1786/Treaty, was established for the official recording and filing of ALL Documentation for the Continental Mu'urish Yamasse/Yamaxi Empire**. Previously known as the **Imperial Mu'urish Xi Recording Service** and "*formally the Mu'urish Empire Recording Service*", the **IMYRS** has always existed as the **official-operational recording and storing house** for the **Continental Mu'urish Yamasse/Yamaxi Empire (CMYE)**. In addition, the **IMYRS** has evolved from the autonomous - indigenous record keeping systems of our ancient ancestors. Cuneiform records are essentially descendants of other counting systems that had been used for over five thousand years. Hieroglyphic writing systems, Sahara Wall Art, Lascaux cave drawings, and clay tokens are the oldest surfaced artifacts that have been used for some form of Record keeping. The **Mu'urish Empire Recording Service (MERS)**-effective date 18 April 2007, **official name** was changed to the **Imperial Mu'urish Xi Recording Service (IMXRS)**-effective date 10 April 2009, due in part to **Fraud**. On 13 April 2012, it was **Officially** changed to the **Imperial Mu'urish Yamaxi Recording Service**.

Whereas, NAMA nationals shall NOT be dependent upon the Colonial Governments operating on Mother-Earth, regarding Recording and Storing documentation, *pursuant to the ICCMYE - Imperial Law 27: "Declaration on the granting of Independence to Colonial Countries and people"*. The long lineage of abuse towards **NAMA nationals** includes re-masking the autonomous - indigenous status of **all NAMA nationals in Amexem of the Americas, i.e., Moroccan Expatriates/Moroccan-Americans/American State Citizens**, and the massive burning of documentation, blueprints, photos, etcetera. This was felt greatly within the **NAMA** culture with the loss of important documentation like the proof of land ownership, birth records, and intellectual copyrights which are currently **housed** in the **Division of Archives, History and Records Management for the federal District of El-Eastmoor, uSA, and the Secret Archives of the Vatican, etcetera**. In addition, numerous other important **NAMA nationals'** ancient treasures and artifacts have been destroyed. **The IMYRS was created to secure the future, by properly securing the past, present and future for all NAMA nationals, which also includes All official recordings and filings for the de Bourbon Estate¹**.

Moor-over, the IMYRS is missioned to restore honor and balance to the art of scribing, the **Imperial and Imperial Great Seal of the IMYRS** is represented by **Tehuti. "*Tehuti is frequently encountered in judgment scenes recording the verdict returned by the balance, or in temple friezes recording the deeds of the rulers into eternity.*" (pg.6) "*Tehuti is the Neter "Supreme Being" of peace and love between beings. Through wisdom you will have peace and love between disagreeable beings. Right knowledge of self and others frees you from hate and prejudice. Right wisdom frees you from blindness about your past and the Right overstanding frees you from hate of self and teaches you love for self and kind*". **Tehuti** was the **Neter "supreme Being"** of writing, science, medicines, and formulas. **He** was the **Imperial and Imperial Secretariat of the Neterraat**. **He** invented Alchemy. **He** has assisted mortals by writing many works of science, in particular books

The **IMYRS** is honored to continue the traditions of **Tehuti "THOTH"** as we continue to develop the **IROHEM** and **ECMYE-IRKR**. ☺
