¹ IMPERIAL NOTE 11e updated for EI Mission: IS-BE (the primary nature of an immortal being is that we live in a timeless state of "IS", and the only reason for our existence is that we decide to "BE"). IS-BEs have been around since before the beginning of the Universe. The reason that we are called "immortal" is because a "spirit" is not born and cannot die, but exists in a personally postulated of "is-will be". Every spirit is not the same. Each is completely unique in identity, power, awareness and ability. And IS-BE is literally "immaterial". We can span great distances of space instantly. We can experience sensations, more intensely than a biological body, without the use of physical sensory mechanisms. An IS-BE can also remember their "identity", all the way back into the dim mists of time for millions of years! An IS-BE "is" solely because it thinks that it "is": An IS-BE "is" forever: An IS-BE is a soul/spirit: An IS-BE, is will be: Each person on Earth continues to be an IS-BE whether they are aware of the fact or not! ✨ am not "my soul", but that "☞/aye" am "me" --- a spiritual being! Say, ✨/aye am an "immortal spirit being", Thank you, eesh: 😊
