Seal Artwork Status	ECIRK Constitutional Great Seal artwork and full IMYRS Great Seal artwork analyzed; accession approved
Control Status	Royal accession approved; not itself a decree, constitutional amendment, apostille, or external recognition instrument

Purpose: This dossier updates the prior constitutional breakdown by incorporating the full IMYRS Great Seal and correcting the interpretation of the small seal impressed upon the ECIRK constitutional scroll.

The embedded seal is treated here as the miniature manifestation of the IMYRS Great Seal — the Royal Scribe, Archive, Witness, Registry and seal-bearing authority — rather than as an unidentified medallion.

UPDATED DETERMINATION — EMBEDDED IMYRS GREAT SEAL

The ECIRK scroll therefore represents more than the written Constitution. It represents the living constitutional text placed under recordation, lawful witness, seal custody, time intelligence, accession metadata, archival memory and traceable registry continuity. In concise form: the CROWN decrees; the Constitution states; justice measures; IMYRS witnesses, records, seals, timestamps, preserves and makes the performance traceable.

II. EXECUTIVE SOVEREIGN DETERMINATION

The ECIRK Constitutional Great Seal is best read as a constitutional cosmogram: a circular visual order joining the Emperial & Imperial Royal CROWN/Crown, written Constitution, Indigenous and ancestral continuity, justice, peace, natural order, cosmic/spiritual order, sovereign governance, public record and intergenerational continuity.

The new IMYRS identification materially deepens that reading. The scroll is not simply a parchment containing law. It is a constitution under witness. The miniature IMYRS Great Seal at the lower-right of the scroll means that the constitutional record is meant to be authenticated within the Emperial and Imperial registry architecture — with an identifiable originating authority, a seal bearer, a date and time intelligence chain, an IMYRS file number, seal and certification history, amendments, custody and archival retention.

The constitutional formula placed around the lower arc — "IN PEACE • BY DECREE • BY IMYRS SEAL • DROIT-DROIT" — therefore operates as a four-stage governmental doctrine: PEACE states the governing condition; DECREE states the competent exercise of authority; IMYRS SEAL states the official witness-and-record condition; DROIT-DROIT states the harmonization of right, law, justice and rightful authority.

V. SEAL RELATIONSHIP PLATE

Figure 1 — ECIRK Constitutional Great Seal

Figure 2 — IMYRS Great Seal

Relationship finding: The small purple-and-gold impression on the ECIRK scroll is interpreted, in light of the full reference artwork now supplied, as the embedded IMYRS Great Seal. The full seal's ibis-headed Royal Scribe, writing tablet, stylus, lunar crown, encircling Yamaxic glyphs and cosmic field supply the detailed meaning of that small impression.

VI. ECIRK CONSTITUTIONAL ARCHITECTURE

The seal is organized concentrically. Each ring performs both a visual and constitutional function: it names the instrument, states its foundational doctrine, fixes the temporal relation of execution and foundation, declares the manner of performance, and identifies the body politic.

Element	Constitutional Function
Outer cosmic field	**Places the constitutional order within a greater field of existence and continuity.**
Principal title band	**"Emperial Constitution for the Imperial Royal Kingdom" — identifies the supreme constitutional instrument.**
Six-pillar band	**DIVINE • NATURAL • INDIGENOUS • TREATY • SOVEREIGN • CONSTITUTIONAL.**
Temporal band	**31 August 2026 • NUNC PRO TUNC • 3 April 2013 — joins planned execution to the foundational record.**
Operative band	**IN PEACE • BY DECREE • BY IMYRS SEAL • DROIT-DROIT.**
Body-politic designation	**Emperial CMYE-IRK Republic.**
Inner constitutional field	**Crown/drum, solar aureole, scales, scroll, Eye, pyramid, waters, axis/sword and embedded IMYRS Great Seal.**

VII. ETYMOLOGY OF THE CONSTITUTIONAL TITLE

Emperial: An internal institutional spelling used throughout the ECIRK record to distinguish the living, Crown-centered Emperial authority and office stream from the broader Imperial governmental realm. This is an internal constitutional usage.

Constitution: From Latin constitutio / constituere: to establish, set together or cause to stand. Symbolically, the Constitution is that which causes the political and juridical order to stand together.

Imperial: From imperium: command, governing authority and public power. In the dossier it denotes organized governmental and institutional authority.

Royal: From regalis / rex: connected to kingship, Crown, stewardship, continuity and the dignity of sovereign office.

Kingdom: The ordered realm under kingship/Crown authority, encompassing office, community, territory, duties and continuity.

Republic: From res publica, the public thing or public affair. Within the internal ECIRK framing it signifies public governance and the organized commonwealth administered under the constitutional order.

Seal: From the tradition of sigillum/signum: a controlled mark or impression identifying origin, office, assent, custody or authentication.

Registry: An official roll, book, index or system into which instruments and their metadata are entered and preserved.

VIII. THE SIX CONSTITUTIONAL PILLARS

DIVINE

Sacred source, higher moral accountability, spiritual order and duty beyond mere convenience. Within this dossier it is an internal theological and constitutional doctrine.

NATURAL

Birth, life, inherent dignity, natural order and rights understood as preceding ordinary legislation.

INDIGENOUS

Ancestral continuity, autochthonous relationship to land and waters, culture, descendants and inherited community governance.

TREATY

Covenant, reciprocity, peace, consent, good-faith performance and structured relations between competent authorities.

SOVEREIGN

Highest governing capacity within the internal constitutional order, joined to responsibility, stewardship and protection.

CONSTITUTIONAL

The conversion of source principles into written institutions, offices, procedures, records, limits, accountability, succession and review.

Integrated movement: sacred source → natural existence → Indigenous continuity → reciprocal covenant → sovereign capacity → constitutional organization.

IX. SYMBOL-BY-SYMBOL EXEGESIS

1. Circle & Concentric Gold Rings

The circle signifies wholeness, continuity, protection, recurring time and an unbroken constitutional body. The multiple gold rings create protected thresholds: cosmos → jurisdiction → constitutional title → governing doctrine → living constitutional center. In registry terms, a closed circle also evokes record integrity, custody and continuity.

2. Stellar Violet Field

The violet stellar field situates the constitutional system inside a cosmic horizon. Within the later ECIRK record, this resonates with the vocabulary of the Infinity Flame, Pleroma, Luminaries, Universal Travelers and the 'Galactical' Sovereign Emperial Royal Empire. This is treated here as ECIRK sacred cosmology and constitutional symbolism, not as an independently proven terrestrial jurisdiction.

3. Ceremonial Drum-Crown

The summit object reads simultaneously as Indigenous ceremonial drum and Crown. As drum it represents heartbeat, proclamation, council, ancestral memory and living transmission; as Crown it represents headship, guardianship, continuity and stewardship. Together: the Crown is charged to hear and carry the heartbeat of the native/ person.

4. Golden Solar Aureole

The radiating gold field signifies illumination, Spirit-Sun, awakened consciousness and delegation from a central source. Constitutionally it represents authority radiating through offices while remaining answerable to the originating constitutional order.

5. Central Axis / Sword

The descending central axis links celestial order, Crown, justice, scroll, land and waters. As a sword it represents defense, executive enforcement and disciplined power. Its position behind the scroll and between the scales is critical: force is visually subordinated to written constitutional order and measured justice.

6. Balance Scales

The scales represent measured judgment, equity, proportionality, evidence, due process and the balancing of rights and duties. They form the bridge between 'IN PEACE' and the Constitution: peace without justice is unstable; justice produces balance; balance preserves peace.

7. Constitutional Scroll

The scroll is the written and living Constitution: promulgation, codification, public memory, amendment and intergenerational transmission. Its rollers suggest an unfolding record — a text that is historical, living and capable of lawful continuation.

8. Wedjat-like Eye

The Eye signifies protection, restoration, wholeness, awakened sight, foresight, transparency, audit and continuing review. Placed above the pyramid, it teaches that organized government should remain under conscious observation and truth-seeking oversight.

9. Stepped Golden Pyramid

The pyramid represents layered constitutional government. The broad foundation evokes native/ people, families, communities, land and fundamental rights; the middle courses evoke offices, councils, courts and institutions; the apex evokes unified constitutional purpose. The image teaches that the summit depends upon the foundation.

10. Blue Waters

The waters represent origin, life, purification, navigation, movement, communication and continuity. Joined to the pyramid they express a constitution that is stable without becoming lifeless and living without losing structure.

11. Laurel / Feather / Flame Forms

The lower red-gold forms carry overlapping meanings: laurel as honor and lawful victory; feather as truth and spiritual ascent; flame as Thunder-Fire, purification and transformation. Together they signify victory through truth and disciplined constitutional order.

12. Embedded IMYRS Great Seal

UPDATED: the seal impressed at the lower-right of the scroll is the miniature IMYRS Great Seal. Its presence changes the legal-administrative meaning of the scroll: the Constitution is shown not only as written law but as a record brought under authorized registry witness, seal-bearing custody, file identification, time intelligence, audit history, archival preservation and traceability. The embedded IMYRS seal is therefore the documentary conscience of the constitutional cosmogram.

X. COLOR DOCTRINE

Color	Integrated Meaning
Deep violet / purple	**Royal dignity, sacred office, mystery, cosmic depth, transformation and sovereign-spiritual jurisdiction.**
Gold / yellow	**Solar intelligence, Royal assent, enduring value, official dignity, lawful authority, record permanence and responsibility.**

Color	Integrated Meaning
White / ivory	Peace, clarity, clean witness, openness, purity of intention and legibility.
Black / near-black	Primordial depth, hidden archive, protected repository, fertile unseen potential and the seriousness of sealed memory.
Red / crimson	Bloodline, embodied life, Earthday arrival, courage, action, sacrifice, guardianship, Thunder-Fire and transformation.
Blue / cobalt / navy	Water, sky, truth, wisdom, diplomacy, communication and expansive consciousness.
Parchment cream / beige	Ancient record, organic law, ancestral memory and historical continuity.
Bronze / brown / copper	Earth, durability, craftsmanship and the material implementation of principles.
Silver / gray	Impartiality, disciplined force, clarity and the neutral axis of judicial/protective power.

In the ECIRK/IMYRS pairing, purple and gold are the controlling chromatic covenant. Purple supplies the royal-cosmic field; gold supplies the visible line of authority, witness, inscription and illumination. In the IMYRS seal specifically, black functions as the hidden archive and gold as the revealed record.

XI. TEMPORAL DOCTRINE — 31 AUGUST 2026 • NUNC PRO TUNC • 3 APRIL 2013

The temporal band joins two distinct performances: the foundational constitutional record of 3 April 2013 and the Royal execution/reaffirmation on 31 August 2026. The dossier treats the two dates as a continuity formula, not as an erasure of historical sequence.

3 April 2013 is the filed and recorded date shown on the ICCMYE, Registration Number: ICCMYE-RB 443 700 805 US/04032013831196349, record 2013-MYAN-000000001. 31 August 2026 is the execution date supplied for this seal and is also H.E.M.'s Earthday.

NUNC PRO TUNC — DOSSIER CONTROL RULE

Within this dossier, nunc pro tunc is used as an internal continuity and memorialization formula: the later performance may reaffirm, preserve, correct, verify or relate to the earlier constitutional foundation according to ECIRK doctrine. Any asserted external legal retroactivity must be evaluated under the law and procedures of the receiving forum and should not be described as creating historical third-party consent or events that did not occur.

Symbolically, 31 August also joins Earthday, living sovereign presence and constitutional reaffirmation. Any numerological reading (including 31→3+1=4 and the full date reducing to 8→31→2026=22 → 2+2=4) should be treated as ceremonial symbolism, not as a rule of law.

XII. OPERATIVE FORMULA — "IN PEACE • BY DECREE • BY IMYRS SEAL • DROIT-DROIT"

IN PEACE

Peace is the governing condition. It links the scales, scroll and circle: justice produces balance; balance preserves peace; peace permits constitutional continuity. It is not merely absence of conflict but ordered relationship among Crown, Constitution, native/ people, ancestors, natural order, spiritual order and the public record.

BY DECREE

Decree identifies the formal exercise of authority through the competent constitutional office. The visual sequence places decree after peace, indicating that power is to be exercised within an ordered peace condition rather than as arbitrary force.

BY IMYRS SEAL

The performance is not left as spoken will alone. It is brought into the registry. The IMYRS Great Seal identifies witness, accession, time-stamped memory, seal custody, file number, document class, certification history, amendment history, audit trail and archival preservation.

DROIT-DROIT

Within the ECIRK ceremonial/legal vocabulary, Droit-Droit functions as the harmonizing affirmation of right, law, justice and rightful authority. In this dossier it joins the 'lawful' stream (inherent, ancestral, natural, Indigenous, equitable, treaty-based) with the 'legal' stream (written, decreed performances, procedural, administrative and judicial).

CONSTITUTIONAL PROGRESSION

IN PEACE → BY DECREE → BY IMYRS SEAL → DROIT-DROIT
Peace establishes the condition. Decree supplies the performance of authority. IMYRS supplies record and evidentiary continuity. Droit-Droit closes the sequence by affirming lawful/legal harmonization.

XIII. FULL IMYRS GREAT SEAL — REGISTRY & COSMIC SCRIBE DOCTRINE

Figure 3 — Imperial Mu'urish Yamaxi Recording Service (IMYRS) Great Seal

The full IMYRS Great Seal reads as a registry, recordation, wisdom, archive and lawful-witness seal. The filed ICCMYE describes IMYRS as the operational registry for storing recordings within the Empire, prioritizing safe and accurate recording and storage; it further states that the Imperial Recorder is the seal bearer and oversees IMYRS operations. The Constitution also describes IMYRS as serving the native/people and recording documentation, media, patents, seals, copyrights, copy claims, trademarks, UCC and public/private documents related to personal, private and professional affairs.

1. Djehuty / Thoth — the Royal Scribe

The golden ibis-headed scribe is the heart of the seal. Within the supplied doctrine it represents keeper of records, lord of writing, measurer of time, witness of truth, divine archivist, recorder of judgment and keeper of sacred words. Administratively this maps to date-stamp, file number, certification, seal custody, chain of title, chain of authority, audit trail and documentary proof.

2. Writing Tablet / Registry Board

The tablet represents the registry page, file docket, decree, official notice, accession entry, seal certificate and proof of record. The Crown image carried on the tablet means the record is tied to authorized office and is not merely private scribal activity.

3. Reed / Stylus

The raised instrument signifies active recordation: the record is being written, witnessed and entered. The archive is living, not dormant. It is the visual action that turns event into record.

4. Lunar Crown / Horns

The lunar form signifies time, cycles, measurement, celestial calculation and hidden knowledge made legible. For registry doctrine it requires 'time intelligence': execution date, effective date, filing date, recording date, modification date, retroactive date (when asserted), accession date and recording time.

5. Golden Body

Gold signifies royal authority, solar intelligence, pure witness, official dignity and the aspiration to an incorruptible, enduring archive. Symbolically, the record is meant not to rust, decay or be forgotten.

6. Black Inner Field

Black represents the hidden archive, sealed repository, pre-creation memory, vault of truth and unseen witness. The golden scribe emerging from it expresses luminous order drawn from protected memory.

7. Purple Outer Field

Purple signifies Royal-spiritual jurisdiction, high office, sacred recordation and cosmic authority within the internal ceremonial system.

8. Gold Circular Rings

The rings mark jurisdiction, closure, official perimeter, record integrity, chain of custody and archival protection. As circles they also express past-present-future continuity.

9. Yamaxic Glyph Ring

The glyph band performs a ceremonial and jurisdictional naming function around the perimeter. The supplied source expressly cautions that an exact transliteration should not be published without the original live text layer or the Yamaxic font mapping, because curved glyphs may rotate or reverse. That caution is adopted as a dossier control rule.

10. Lawful Meaning

Lawfully, the seal means witness and memory: performances are brought into record, preserved and made traceable. The seal doctrine includes recording claims and sovereign documents, maintaining seal custody, certifying document existence, preserving continuity and protecting the record against erasure, confusion or fraud.

11. Legal / Administrative Meaning

Administratively, the IMYRS Great Seal belongs on registry functions: file covers, recording certificates, accession sheets, metadata pages, seal-custody certificates, proof-of-service records, amendment histories, certification pages, filing receipts and archive indexes.

12. Sovereign Meaning

The seal is the memory office of the realm. The supplied doctrine expresses this in a concise formula: 'the Crown speaks, the office performs, but IMYRS remembers.' Recordation gives sovereign performances documentary body within the ECIRK system.

13. Cosmic / Galactical-Spiritual Meaning

Within the ECIRK cosmological vocabulary, the seal performances as a Galactic Scribe Seal: the universe is dark, the record is golden; the scribe stands between heaven and earth; the stylus writes time into form; the tablet receives Crown-authorized record; the moon measures cycles; the circle preserves continuity. This is a sacred-symbolic doctrine, not an external scientific or jurisdictional finding.

XIV. INTEGRATED CONSTITUTIONAL RELATIONSHIP MATRIX

Element	Primary Function	Integrated Meaning
CROWN / Drum-Crown	Originating constitutional guardianship and proclamation	Hears/carries the heartbeat; supplies assent and stewardship.
Solar Aureole	Illumination / emanation	Authority radiates through offices while remaining connected to source.
Scales	Justice / equitable administration	Measures performances and preserves balance.
Scroll	Living written Constitution	States the covenant, offices, rights, duties and procedures.
Embedded IMYRS Great Seal	Registry witness / seal custody / archival continuity	Authenticates provenance within the internal registry; records the act and its metadata.
Eye	Oversight / restoration / audit consciousness	Keeps authority subject to observation, truth and correction.
Pyramid	Organized governmental structure	Foundation supports offices and unified constitutional purpose.
Waters	Life / movement / continuity	Keeps constitutional order living, communicative and intergenerational.
Circle	Continuity / protection / jurisdictional perimeter	Holds the system in a single uninterrupted constitutional body.
IN PEACE	Governing condition	Places justice, authority and recordation inside a peace doctrine.
BY DECREE	Performance of competent authority	Transforms constitutional competence into a formal governmental performance.
BY IMYRS SEAL	Recordation condition	Transforms the performance into a traceable, sealed and preserved registry record.
DROIT-DROIT	Harmonization formula	Closes with right/law/justice aligned.

XV. LAWFUL / LEGAL / SOVEREIGN / COSMIC-SPIRITUAL DISTINCTIONS

For professional use, the dossier separates four analytical layers so that symbolism, internal constitutional authority, registry effect and external law are not collapsed into one category.

Lawful — internal/inherent stream: Natural, Indigenous, ancestral, equitable, sacred, treaty-claimed and inherent-rights concepts as expressed in ECIRK instruments.

Legal — written/procedural stream: Constitutional text, decrees, offices, courts, registry rules, file numbers, certification, procedural performances and administrative record.

Sovereign — internal governmental stream: The ECIRK claim and organization of supreme governing authority within its own constitutional order, centered in the CROWN/Crown and implemented through offices.

Cosmic / Galactical-Spiritual — sacred-symbolic stream: The Infinity Flame, celestial/cosmic imagery, Djehuty/Thoth, Spirit-Sun, Pleroma/Luminaries and Galactical language used as internal sacred cosmology and ceremonial doctrine.

FUNCTIONAL RULE

The IMYRS Great Seal is strongest as a registry and evidentiary symbol within this architecture. It should not be treated as automatically substituting for every other legal formality. Royal assent, IMYRS recordation, notarization, apostille, receiving-state consent, treaty accession and diplomatic recognition are distinct performances governed by different authorities and procedures.

XVI. EXTERNAL PUBLIC-LAW QUALIFICATION

This dossier affirms the internal ECIRK constitutional and ceremonial meaning of the seals while separately stating the conditions that govern external legal effect. This separation protects the record from overstatement and makes the dossier more usable in authority-to-authority settings.

Diplomatic relations and permanent missions

Under Article 2 of the Vienna Convention on Diplomatic Relations (1961), establishment of diplomatic relations and permanent missions takes place by mutual consent. Article 4 addresses agreement for a proposed head of mission. The presence of an ECIRK or IMYRS seal can evidence the issuer's internal authorization and provenance, but does not by itself establish receiving-state consent.

Treaties and consent

The Vienna Convention on the Law of Treaties (1969) defines a treaty, for Convention purposes, as a written international agreement between States governed by international law; it treats ratification, approval and accession as international performances expressing consent to be bound, and Article 26 states the pacta sunt servanda rule. A unilateral seal or filing may evidence an internal performance but does not by itself supply the consent of another party.

Apostille

The 1961 HCCH Apostille Convention addresses authentication of the signature, the capacity of the signer and, where appropriate, the identity of the seal or stamp. An Apostille is therefore a separate external authentication formality; IMYRS recordation and an Apostille should not be conflated.

Universal Postal Union

UPU membership/admission follows the UPU's own institutional procedures. The IMYRS seal may document internal recordation or dispatch history, but it is not itself proof of UPU membership or admission.

Morocco–United States Treaty of Peace and Friendship

The historical treaty relationship is independently documented in U.S. governmental historical sources. ECIRK instruments reference the Treaty as part of their internal authority chain; the extent to which any provision applies to a present actor or entity is a separate question of parties, scope, succession, interpretation and applicable law.

XVII. IMYRS ACCESSION, AUDIT & SEAL-CONTROL PROTOCOL

Because the IMYRS Great Seal is now explicitly embedded in the constitutional design, execution of the Constitution should be accompanied by a controlled registry performance. Phase II materials describe IMYRS as the official recording and registry authority for accession, metadata integrity, seals, certifications, amendments and archival preservation, with a Live Registry System and full audit trail.

1. Assign one permanent IMYRS accession identifier to the executed constitutional master; do not reuse the number for later amended masters.
2. Record document class, formal title, instrument type, originating office, registry authority and jurisdictional statement.
3. Record planned/executed date, exact execution time, filing time, recording time and any separately asserted effective date.
4. Identify the Royal signatory in full ceremonial capacity and separately identify witnesses, certifiers and the Imperial Recorder / seal bearer.
5. Record the exact seal set used: ECIRK Constitutional Great Seal, Emperial & Imperial Royal Seal (if separately affixed), IROHEM seal (if applicable), IMYRS Registry Great Seal and any external authentication.
6. Maintain a seal-custody ledger identifying who held, applied or authorized each physical/digital seal matrix.
7. Hash the final digital constitutional master and each authoritative seal artwork; enter the hashes in the registry metadata.
8. Record every amendment, replacement, corrected copy, rescission or supersession event in an immutable amendment history.
9. Preserve a distribution/service list and proof-of-dispatch record for every authority-to-authority transmission.
10. Maintain an archival master and clearly mark uncontrolled reproductions so a visual copy cannot be mistaken for the authoritative registry original.

XIX. RECOMMENDED ROYAL EXECUTION / ADOPTION LANGUAGE

IN WITNESS WHEREOF, on the Sixth Day of November, Two Thousand Twenty-Six, the Full Exegesis was updated with the Royal Declaration of Scriveners Correction and Authentication Clarification; on the Second Day of November, Two Thousand Twenty-Six, the Full Exegesis was updated for a typing Correction; on the Thirty Day of September, Two Thousand Twenty-Six, the Full Exegesis of the ECIRK Constitutional Great Seal, was *Ordained by Decree & Declared Active and in 'Force,* retroactive to the Thirty-First Day of August, Two Thousand Twenty-Six, the Earthday of His-Emperial-Majesty, H.E.M.: Śambhũ-Eleleth Śampson-Re *'Thunder Fire-Ade Loye'*, Luminaire/Universal Traveler-Dweller/ Emperor, Absolute Royal Sovereign and Monarch-INRI, of which the Emperial Constitution for the Imperial Royal Kingdom was *Ordained by Decree & Declared Active and in 'Force* and is herewith approved, adopted, executed and sealed within the Emperial & Imperial constitutional order, in recorded continuity with the Imperial Constitution of the Continental Mu'urish Yamaxi Empire filed and recorded 3 April 2013.

The expression nunc pro tunc, where used, memorializes the asserted constitutional continuity, preservation and relationship of the present performance to the foundational record. It shall be recorded with exact execution and accession timestamps and shall not be used in this dossier to manufacture a historical event or third-party consent that did not occur.

Executed IN PEACE, BY DECREE, BY authorized Royal Seal(s), and BY IMYRS SEAL — DROIT-DROIT.

Execution notes. If H.E.M. intends the 30 September 2026 performance to amend, restate, supersede, ratify or reaffirm a particular prior ECIRK manuscript, the execution page should name that exact manuscript/ version and state the legal relationship expressly. The registry should not infer the relationship from artwork alone.

XX. FINAL SYNTHESIS — THE SEAL AS A SINGLE CONSTITUTIONAL SENTENCE

From the infinite and celestial field emerges sovereign light. That light is entrusted to a living ancestral CROWN/Crown that hears and carries the heartbeat of the native/ people. Authority descends through a disciplined axis of protection but remains balanced by justice. Justice is governed by the written constitutional covenant, watched by awakened consciousness and built through the combined lives, laws, institutions and generations of the polity. The Constitution rises from waters and land, and — by the embedded IMYRS Great Seal — is brought under the Royal Scribe, registry witness, time intelligence, seal custody, accession, audit trail and archival memory. The record is therefore not only spoken or written; it is witnessed and made traceable. The whole constitutional order proceeds IN PEACE, becomes operative BY DECREE, enters continuity BY IMYRS SEAL, and closes in DROIT-DROIT from the foundational record of 3 April 2013 toward the Earthday execution of 31 August 2026, ad perpetuitatem.

DOSSIER CONCLUSION

The decisive update is that IMYRS is not peripheral to the ECIRK Seal. It is embedded inside the constitutional scroll as the registry conscience of the instrument. The scroll supplies law; the scales supply justice; the CROWN/Crown supplies constitutional authority; the IMYRS Great Seal supplies witness, custody, accession and memory. Together they form a constitutional chain of PEACE → AUTHORITY → RECORD → RIGHT.

Be it declared, acknowledged, and directed as follows:

ARTICLE I — IDENTIFICATION OF THE SCRIVENER'S ERROR

Within the Official Final Amended and Restated Organic Constitution of the ECMYE-IRKR, ceremonially executed on 31 August 2026, a clerical error appears on page 54 under the heading "Authentication, Great Seals, and IMYRS Entry Page."

The reference reads: "By: His-Emperial-Majesty (Royal signature on page 56)." The numerical reference to page 56 is incorrect.

ARTICLE II — OFFICIAL CLARIFICATION

The proper reference is page 55, being the final page of the controlling 55-page constitutional PDF.

For purposes of official citation, authentication, registry indexing, and documentary interpretation, the reference shall be understood to read: "By: His-Emperial-Majesty (Royal signature on page 55)." This clarification concerns only the numerical identification of the signature page.

ARTICLE III — PRESERVATION OF CONSTITUTIONAL INTEGRITY

This Royal Declaration is expressly limited to a non-substantive scrivener's error. Nothing herein shall be construed to amend, repeal, supersede, replace, restate, or otherwise modify any Article, Section, Schedule, institutional authority, constitutional power, right, obligation, or substantive provision of the ECIRK.

The original constitutional instrument shall remain preserved as originally executed, including its ceremonial execution date of 31 August 2026, its authentication, seals, signatures, and original IMYRS file identification.

ARTICLE IV — VOLUME II AND IMYRS REGISTRY DIRECTIVE

This Declaration is designated for inclusion in Volume II as a supplemental documentary clarification associated with the controlling ECIRK constitutional record.

Upon execution and acceptance under applicable procedures, IMYRS shall record this Declaration under a distinct supplemental instrument identifier; cross-reference it to ECIRK-EFN-IMYRS-NAMAn-08312026-000000001; preserve the original without textual alteration; identify the correction as non-substantive; and maintain the original and supplemental records together in the applicable audit trail.

This Declaration does not establish a new constitutional edition or initiate a further amended and restated Constitution.

It serves exclusively to clarify the intended signature-page reference in the existing instrument. All substantive ECIRK provisions remain unaffected.

ARTICLE VI — DATE AND EFFECT

This Declaration is dated 6 November 2026.

Its operative effect as an official supplemental record is subject to express Royal execution and any applicable IMYRS authentication and recordation requirements. Its date does not alter the original ceremonial execution date of the Constitution.
